30TH ANNUAL VIRTUAL GOLF CLASSIC

MONDAY, JUNE 15, 2020

VIRTUAL OUTING
TO BEGIN AT 4 P.M.

Please join us for our first ever virtual golf outing! Tune in for updates from our leadership, stories of survivors and moments of gratitude for our frontline caregivers. We will broadly share the virtual event details the week leading up to June 15. To access the event, visit www.HackensackMeridianHealth.com/OMCVirtualEvent.

Our levels of participation have been updated to reflect the kinds of innovative technology and programs that philanthropy can support, and fall in line with our traditional golf sponsorships. To recognize your generous contributions, we will be listing donors on our event website and displaying banners in our hospital lobby, among other outlets. We are grateful for your support at any level.

SPONSORSHIP OPPORTUNITIES

MULTIPLE SPONSORSHIPS AVAILABLE - ALL PACKAGES ARE NON-EXCLUSIVE

___ \$20,000

Ultrasonic Recanalization System which uses innovative technology – a mechanical vibration system – to prepare blood vessels or arteries for an angioplasty or stent placement, saving precious time during heart and vascular procedures.

___ \$15,000

Physio Control Lucas Chest Compression System which provides accurate, consistent chest compressions for extended periods of time, taking away the individual user variability and improving quality of chest compressions during cardiopulmonary restoration.

___ \$10,000

Falls Prevention Program which integrates call alarm system, reducing injuries. Room modifications such as specially designed floor mats and beds round out the safety strategy.

___ \$7,500

Shoulder Retractor Tray which provides an array of instruments designed to enable a surgeon to efficiently perform orthopedic surgery.

___ \$6,000

Heart Failure Program which allows for patients to be safely weighed on standing scales, as opposed to bed scales which are less reliable, enabling physicians to confidently prescribe a care plan for the patient.

___ \$5,000

Blanket Warmer for Women's Imaging which enhances comfort in preparation for procedures by warming gowns primarily used for patients undergoing biopsies.

___ \$3,000

CO2 monitors that measure the body's output of carbon dioxide, part of the body's respiratory function and a key measure for tracking the health of patients.

___ \$2,500

Hemodynamic Waveform Simulator which is used for education and competency assessments for critical care nurses practicing low-volume/high-risk patient monitoring.

___ \$1,000

Additional needs including feeding pumps, iPads and personal protective equipment (PPE).

DONATIONS OF ANY KIND ARE GREATLY APPRECIATED AND WILL DIRECTLY BENEFIT OCEAN MEDICAL CENTER'S HIGHEST PRIORITY NEEDS.

Please accept my fully deductible donation of: \$_____.
