

Please join us for our first ever virtual Signature Social! Tune in for updates from our leadership, stories of survivors and moments of gratitude for our frontline caregivers. We will broadly share the virtual event details the week leading up to July 24. To access the event, visit www.HackensackMeridianHealth.org/SOMCVirtualEvent.

Our levels of participation have been updated to reflect the kinds of innovative technology and programs that philanthropy can support, and fall in line with our traditional sponsorships. To recognize your generous contributions, we will be listing donors on our event website and displaying banners in our hospital lobby, among other outlets. We are grateful for your support at any level.

SPONSORSHIP OPPORTUNITIES

___ \$50,000

To support ventilators which deliver air to the lungs through a tube placed in the windpipe, and are a crucial tool to keep patients alive. These medical devices can be the difference between life and death for those facing the direst respiratory effects of the coronavirus and beyond

___ \$25,000

To support the purchase of four MAC (Medication Administration Carts) carts. These carts are used for bedside documentation and medication administration. With the increased number of team members, including students and physicians, needing to use these carts, along with heavy patient volume, there is a great need for more

___ \$15,000

To support the purchase of Avasure Remote Patient Monitors, an additional patient safety monitoring system, which allows for a reduction in the use of patient safety sitters and further reduce the number of patient falls

___ \$10,000

To support the purchase of iPads which help our patients stay connected with loved ones as inpatients and is critical to their emotional health and recovery

___ \$7,500

To support negative pressure room conversions to control the spread of infectious diseases like the coronavirus and contain airborne contaminants within the room, essential to maintaining a safe health care environment

___ \$5,000

To support the purchase of two Arm Ergometers for use in Cardiac Rehabilitation department. These machines are vitally needed tools in a patient's recovery

___ \$2,500

To support the purchase of personal protective equipment (PPE) ever-increasing equipment needs including N95 Masks/Respirators, Surgical Masks, Goggles, Protective Face Shields and Isolation Gowns

___ \$1,000

To support the purchase of a Dinamap (Device for Indirect Non Invasive Mean Arterial Pressure) which produces a digital readout and works on the principle that blood flowing through an artery between systolic and diastolic pressures causes vibrations in the arterial wall that can be detected and transduced into electrical signals
